BEDDY-BYE DOLL BOOKS

Designed by Julia Greene. All children clamor for stories at bed time. They ask countless questions about Peter Rabbit, for instance, after hearing some of his adventures, and from a hazy picture of him in their sleepy little heads. Peter Rabbit is a rag-doll rabbit, well-stuffed, dressed in an attractive costume, and the specially prepared cloth will wear well. One side of each doll opens up in a clever manner and the illustrated story is found therein. CLOSE, EVELYNE

***Cherry Isle.** This remarkably strong story opens with the chance meeting in a cherry orchard of a celebrated tenor and a young girl, also a singer. The artistic temperaments of both respond to the romantic surrounding, and a friendship starts which soon develops into a passion. After a few years of married life, the longing for artistic triumphs proves too strong for home ties, and the young wife leaves her child and husband, and seeks fresh triumphs in the world of music. A theatre panic, for which she is largely responsible, causes the death of some people, and in the attempts to console the mother of a child, memories of her own family prove irresistible, and a reconciliation takes place. It is well written, and many tense situations are handled with skill. 12mo. Cloth. Jacket in full color. $1.90

KINGSLEY, CHARLES—(Logan Classics)

***Westward Ho!** This is the great epic of the age of Raleigh and Drake, the masterpiece that embraces the glories of the England of Elizabeth, the tyrannies of the Spain of Philip the Second, and the search for El Dorado and fabulous treasures in the new world rising from the western seas. Amyas Leigh, gentleman-adventurer, is one of the great romantic figures of English literature. Thornton Oakley, whose drawings of our great modern achievements in ship-building are so well known and so greatly admired, has painted fourteen illustrations for this new edition of Kingsley's masterpiece. No happier combination of story and artist could be imagined. This new "Westward Ho!" is in every respect a thoroughly beautiful volume. 4to. Cloth. Eleven full-page illustrations in color. Illustrated title page. Jacket and inlay in full color. Chapter headings and tail pieces by the artist. Illustrated lining paper. $3.50

MYERS, ANNA BALMER

***Patchwork.** In "Patchwork" the reader gains an insight into the strong and sturdy qualities of that sect known as the "Plain People," among whom Phoebe Metz was raised. Phoebe found many things in life difficult to understand. Even at the age of seven, the apparent futility of things drew from her the plaint, "Funny thing patchin' is, cuttin' up big pieces of good calico in little ones and then sewin' them up in big ones again! I don't like it." While following Phoebe's adventures, love and otherwise, the author manages to give a kindly, yet withal true description of life and character in the quaint Pennsylvania Dutch country. A charming and amusing story with a touch of pathos here and there. 12mo. Cloth. Illustrated. Jacket in color. $1.90

OLLIVANT, ALFRED

***The Next Step.** The "Next Step," to which Mr. Ollivant alludes, is the perfecting of the League of Nations. Seldom has so much ground been covered in 124 pages as is the case here. In short, sharp, illuminating paragraphs the author traces the development of our social fabric from the earliest times—shows how "right" slowly took ascendency over "might" in the formation of the "Herd" as a protection against what he terms "Rogue Men" whose philosophy was—Get what you can, if you can, and damn the neighbors! The author shows by referring to various remarks and speeches that men all over the world realized the necessity of a League of Nations long before the idea was put into concrete form. Limp cloth. $1.00

This is a basal series of readers exemplifying a thought-content method of teaching to read. The authors have employed an original and highly skillful device for teaching the initial vocabulary through lessons which combine both literary value and interest.

The first group of lessons in the Primer (pp. 5-23) center around the adventures and experiences of Baby Ray with his pets. Interest is thus sustained from page to page and yet each lesson is a complete unit. This plan avoids the vocabulary difficulties involved in using rimes as the basis of the first lessons and is superior to the other alternative usually employed of "making up" lessons which, while providing the needed repetition of words, are nothing but mechanical sentences grouped together.

There is not a page nor selection in the whole series which is not of the highest literary quality and exactly suited to the tastes, capacities, and cultural needs of the children. Great care has been exercised to choose material which is known to have a definite formative influence in establishing high ideals of behavior and achievement without duplicating the content of any other series of readers.

A new series embodying the standards in spelling resulting from the modern scientific surveys of the subject. The word lists are based on the investigations of Dr. Leonard P. Ayres, of the Russell Sage Foundation, and Dr. Franklin W. Jones, formerly of the University of South Dakota. Dictation exercises are timed according to the Thorndike Writing Scale, and the series as a whole provides a course designed to meet the new requirements in the pedagogy of the subject.

The beautifully colored illustrations throughout Book One will be found a great aid to making spelling an interesting subject.

In the preparation of this series it has been the aim of the authors (1) to interest the pupil by novel but vital illustrations; (2) to make him feel a pride in using good English; (3) to eliminate the dry-as-dust exercises that have so long been in vogue, and (4) to make the knowledge of the English language go hand in hand with the appreciation of English literature.

Smith-McMurry Language Series

By C. ALPHONSO SMITH, Head of Department of English in the U. S. Naval Academy, and MRS. LIDA B. McMURRY, Northern Illinois State Normal School.

Book One, 208 pages.....Price 64 cents
Book Two, 256 pages.....Price 68 cents
Book Three, 270 pages.....Price 72 cents
Teachers' Manual, 165 pages.....Price 60 cents

The Smith-McMurry Language Series contains many important improvements both in content and method of procedure. It brings to teachers many new devices for making the work agreeable and interesting to herself and to her class.

Particularly happy is the choice of the material forming the basis of the language work. The authors have by careful research found just the right selections from **child literature** consisting of rimes, riddles, old saws, pictures, songs, and games to guarantee the all-important element of interest in the work.

The lessons are carefully worked out in detailed form in the teachers' manual so that even the inexperienced teacher, acquainted in many instances only with the deadly routine of the formal language texts, may be assured of an easy mastery of the new processes which she should use in order to conform to the modern pedagogical requirements in the subject.

The manual also contains another feature not heretofore appearing in connection with any elementary language series, viz.: a chapter by Dr. M. R. Trabue of Teachers College, Columbia University, on the value and use of scientific tests in determining the pupils' progress. This chapter also contains a number of tests, both oral and written with full directions for their use, prepared especially for the Smith-McMurry Series and based on various lessons in its content. Full explanations for recording and tabulating the results of these tests are provided so that any teacher, however unfamiliar with the subject matter of scientific tests, may, with a little study of the directions, give them to her pupils with assurance of success.

The new features in this series make it the most vital and effective text now on the market.

A Word As To Prices

THOSE who have frequent occasion to consult our catalogues will note that in this 1920 edition we have made a number of price advances. We have done so reluctantly, and only after delaying as long as possible in the hope that costs of labor and raw materials would cease to mount. They are still mounting, however, and even since the cessation of hostilities no relief has come in sight. Consequently, with everything entering into the making and marketing of a book costing from 33⅓ to 200 or 300 per cent more than it did in 1914, we have at length been obliged to bow to the inevitable and do what we would have been more than justified in doing a year or more ago—in other words, we have raised some of our prices to some extent.

But we have by no means raised them in proportion to the average increase in manufacturing costs. Furthermore, the dealer will find a greater margin for him in our new discounts and, therefore, a greater incentive than ever to work for Laird & Lee sales. As for the book buyer, we can assure him that he will find more value than ever in Laird & Lee books during 1920.

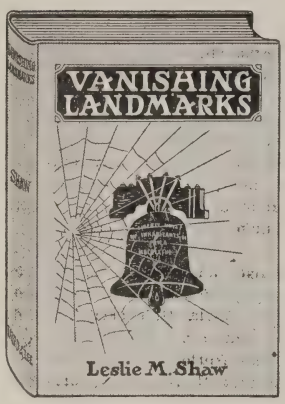
THE AMERICAN PUBLIC WANTS THE FACTS!



EX-SECRETARY OF THE TREASURY SHAW

has stripped away the mask of conventional platitudes. He shows a most American disregard for that ancient "What the public doesn't need to know" argument. *A striking piece of patriotism is*

VANISHING LANDMARKS

The Trend Toward Bolshevism

Mr. Shaw, Secretary of the Treasury under President Roosevelt, former Governor of Iowa, no small figure today in unofficial life, is eminently fitted by nature and experience to handle so vast a subject—vast in its consequences, minute in its practical details. For Mr. Shaw succeeds in showing that common sense is the basis of the judgment that must be rendered by the American people, and that common experience is the medium through which we must interpret the momentous changes which have been taking place in our conception of government and its proper functions.

NO QUESTION NEARER TO AMERICA'S HEART

A PLEASANT MEDICINE, THIS BOOK, BUT NONE THE LESS POTENT ::: ::: IT WILL RID YOUR SYSTEM OF MANY A VAGUE MISINFORMATION THAT ELSEWHERE HAS REACHED THE AGGRAVATION OF A FEVER

VANISHING LANDMARKS

PLAIN FACTS FROM A PLAIN AMERICAN WHO HAS HAD AN UNUSUAL OPPORTUNITY ::: CANDID TO THE POINT OF BLUNTNESS; HUMAN TO THE POINT OF HUMOR; TRUE TO THE POINT OF PESSIMISM — BUT *HONEST* ALL THE WAY THROUGH

FROM THE BACK OF THE JACKET

The truth about government ownership, control or direction of public utilities—Civil Service the Postal System—the new trend toward direct legislation — the labor situation — *the greater problem which comprises all these:* discussed without rancor, without blind partisanship—but each issue squarely met. It is a book for wide reading—wide discussion—wide sales.

An enthusiasm for facts, mellowed with tolerance and enriched by a genial personality—that is *Leslie M. Shaw.*

A keen analysis of conditions, warmed by a fervent love of America and pointed with both humor and inescapable logic—that is *Vanishing Landmarks.*

Bound in extra cloth; stamped in gold and blind. An unusual "selling" jacket. Half-tone frontispiece. Standard 12mo; 256 pages.

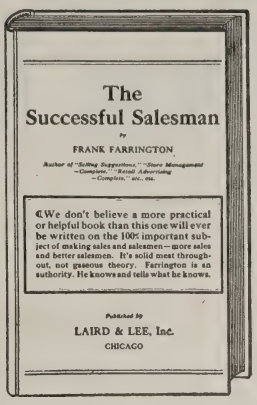
A Steadily Growing Sale Attests Its Merit

For years Frank Farrington has held high rank as a teacher of salesmen. Then his "Talks by the Old Storekeeper" brought him the same wide recognition as a writer of books. Now comes a combination of both—it is a book that does teach salesmanship.



Here's a book that reaches a class large enough to include every man and woman that engages in business—and not a one of them but will get his dollar's worth in that true instruction which is inspiration plus works.

THE SUCCESSFUL SALESMAN

ONE of the best proofs of the genuine value of the book is its ability to sell itself. Reading a dozen pages will convince any forward-looking business person of its dollars and cents value to him. It deals definitely, constructively, with every problem of method that will confront the salesman. It will, at the same time, give him a broader outlook on success, and a better grasp of the fundamentals of his business. We can recommend, without qualification, this book of the "science of selling."

"Class Books" and "Limited" Sales Are Not Always Synonymous

A BOOK that successfully refutes the idea that "all you can teach is the theory of selling." It teaches the practice of selling; it **makes** salesmen. It is straight from the shoulder, practical, instructive, without a waste word. It is based on experience—both in teaching and in selling. It's a "class" book—the biggest class in the world—**all who buy or sell.** *An employer said on presenting copies:*

SALES MANAGERS HAVE SAID:

"The Successful Salesman" has been perused with a great deal of interest; it is a mighty good book to have. Please send copies to the eighteen names herewith." — Edward Hines Lumber Co.

"Covers the ground most excellently; he gives things just about the right pitch."—Johnson & Johnson.

"Every Page is a Coupon in the Big Book of Success"

THE book appeals to clear-sighted sales-managers, who are, in increasing numbers, buying this book to give to their force. It pays a dividend to the house; it pays just as high a dividend to the salesman who reads its clearly written pages—who follows its keen suggestions.

Every business man or woman, every salesman, big or little, every ambitious young man is a potential buyer for this book. A single copy turned loose in your community may mean sales for many more. Any big employer who can be persuaded to read the book will readily see where a dozen more copies will bring him returns.

Neat 12mo; art boards,
cloth back.

"I have read a number of books on selling, but Farrington's is the best ever. I am going to tell everybody I meet about it, for no other reason than to serve them."—*The New Success.*

"This man, Farrington, is all to the good. He comes nearer saying what I have always wished some fellow would say about the selling game than anybody I ever ran across."—*The Head of the Concern.*

"Many valuable suggestions which a salesman, no matter how long his experience, will find helpful. Please let us know what forty copies will cost."—*His Sales Manager.*

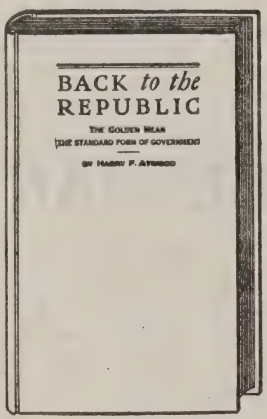
BACK TO THE REPUBLIC

The Golden Mean—the Standard Form of Government



By HARRY F. ATWOOD

Never before in all of our more than thirty years of publishing experience have we had the privilege of bringing out a book that made such an instant, widespread, and powerful appeal to the best minds in the country—to men and women of the caliber of Hon. David Jayne Hill; Pres. Nicholas Murray Butler, of Columbia University; Pres. Ray Lyman Wilbur, of Leland Stanford University; Mrs. Grace Wilbur Trout; Mrs. Harriet Vaughn Moody, Wilbur D. Nesbit; U. S. Senator James E. Watson; ex-Pres. Ripley, of the Sante Fe; Otto H. Kahn, and many others of like standing.

Here Are Some of the Things They Say About It

David Jayne Hill: "The position taken by Mr. Atwood is fundamentally right, and the subject is of great importance at this time." Pres. Wilbur, of Leland Stanford Univ.: "It presents a point of view that should be considered by every American in this great period of stress and change." George Tracy Buckingham, Attorney Public Utilities Com. of Ill.: "It is an extraordinary book, wholly unique in its character, but illuminating a basic principle which must be made the subject of extensive propaganda in the next generation." Sen. Jas. E. Watson: "Your book should have most generous circulation." Wilbur D. Nesbit: "Ought to be read by every citizen, and especially by every young man and woman who is growing into citizenship. I do not recall ever having read a book on similar problems which is so lucid and so understandable by the ordinary mind. . . . Your book has every element of popularity, without the superficiality of other books which have taken quick hold on the public mind." Mrs. Grace Wilbur Trout: "Every citizen of the country should read this book. It is an inspiration to high citizenship."

"BOLSHEVISM'S WORST ENEMY"

Nothing could be more searching or timely than "Back to the Republic." It makes plain that our forefathers insisted that they were founding a Republic, not a democracy, and it gives the significant reasons for their insistence. It summons us from license to liberty; from all "dangerous experiments" of unbridled democracy back to the safeguarding checks and balances of the U. S. Constitution; from all that tends to Bolshevism and mobocracy, back to the one true Republic. And in a truly prophetic chapter. "A World Republic," it calls all the rest of the world "Forward to the Republic"—in fact, to "the Republic of the United Republics of the World." It is one of the books of the generation.

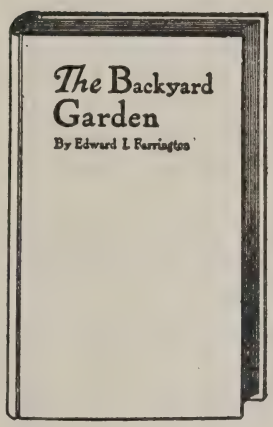
THE BACKYARD GARDEN

A Handbook for the Amateur, the Community and the School

By EDWARD I. FARRINGTON

A Book That Makes Things Plain



This splendidly compact volume is so charmingly written and yet so complete, so clear, and so practical that, while it inspires the old-time gardener with renewed enthusiasm, it makes plain and smooth also the path of the beginner who first took up the hoe at the call of "Uncle Sam." A score of useful reference tables, garden plans, a garden calendar, appropriate illustrations and an alphabetical index add to the educational and practical value of this comprehensive work. It is adapted for school and community work as well as to the needs of the home garden-maker, and will prove an invaluable aid to teachers and others having in charge any concerted gardening efforts.

"Horticulture" says of it: "A timely book by a student and observant writer who has made a very favorable impression wherever he has appeared as a lecturer and who possesses a most captivating style. . . . . The volume is a handbook of distinct value to the amateur garden maker, its chapters are instructive on strictly practical lines, and its topics are well selected and comprehensive. It is compact and completely indexed."

"The Garden Magazine" declares that it "meets as nearly as any book can, within the limits of 190 small pages, the needs of the beginner striving to avoid the many pitfalls to his enthusiasm which every first garden is bound to put in its maker's path. At the same time, it gives such concise directions regarding many advanced methods of gardening that it will prove a valuable addition to any home gardener's reference library. **Those in charge of school and community gardening will appreciate the volume."**

"The Bookseller, Newsdealer and Stationer" holds that it "should prove an enthusiastic first-aid in showing belated city folk how to get back to the backyard—how to appreciate nature, and how to take up garden arms in the cause of food conservation!"

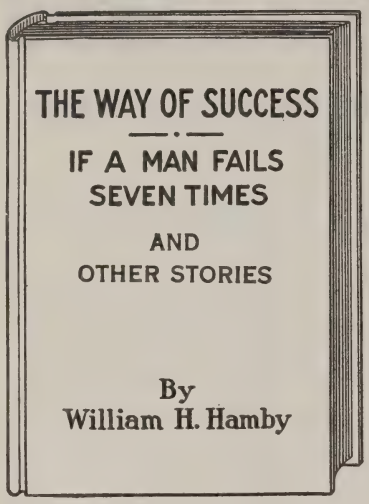
THE WAY OF SUCCESS



If a Man Fails Seven Times—The Man At the Top—In Debt and Out—The Commercial Club in Our Town

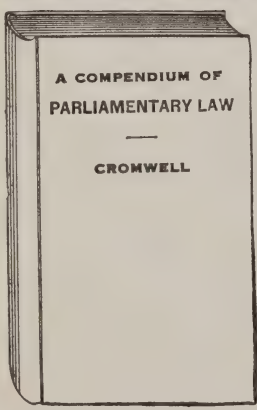
By WILLIAM H. HAMBY

Cloth, 12mo, $1.50 Net

These articles when they originally appeared in the Saturday Evening Post, brought scores of letters from all classes of men—from high school boys to railroad presidents, who had found in them renewed courage and clearer vision of success.

These sketches are neither sermons nor airy themes, but are taken direct from actual experiences, and are as real—and true as life itself.

A COMPENDIUM OF PARLIAMENTARY LAW



For Organizations, High Schools, Colleges and All Deliberative Bodies

Compiled by
EMMA GUY CROMWELL
Enrolling Clerk, Kentucky House of Representatives

There are many books on Parliamentary Law; but there is always room for greater simplification and clarification. This book aims at just that. A knowledge of Civil Government, to be of practical value, should be supplemented by a thorough understanding of Parliamentary Law, especially in these days of universal organization. Who is not today an officer of some organization, with the need of a parliamentary guide which this implies? Or if not now an officer, who is not an organization member and prospective officer, with every incentive to learn parliamentary practice in time to avoid embarrassment if suddenly called upon to preside?

This new work offers

A Concise and Reliable Guide

to a good working knowledge of the principles and usages governing deliberative bodies and is accurate in its statements and systematic in its presentation.

Recommended by Helen M. Winslow, Editor and Publisher, Official Register of Women's Clubs of America; Gov. Stanley, Lieut. Gov. Black, and State Supt. of Education Gilbert, of Kentucky, among others.

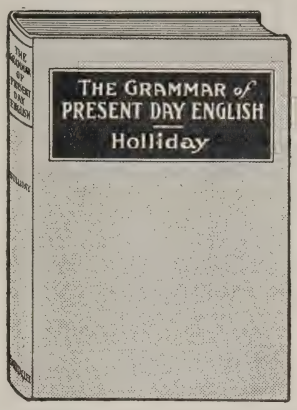
"A Clear and Simple Statement of Formal Grammar"

EDWIN HERBERT LEWIS, Dean of Lewis Institute

"For two years, at the University of Montana, I used this book as the basis of teaching correct English to Forestry Engineers. Engineering students, above all of us, are prone to dislike the study of English. Many were frank to admit that for the first time they knew **why** correct English is **correct.**"
Sylvia B. Brady.



"The book should prove an effective means of teaching grammar; a successful attempt to simplify and popularize its essential principles, in a very interesting style and with an abundance of illustration."—Frank Pavlicek, Waite High School, Toledo.

The Grammar of Present-Day English

By PROFESSOR CARL HOLLIDAY
of Toledo University

"If such a text as this were used in the grammar grades and in first year high school, our children would learn to know and respect our language. The mechanism of a sentence, the function of every word, phrase, and clause, the relation of all these to each other, and to the whole sentence, stand out clearly. The book gives me a sense of completeness and unity. I should like to use it."
MARGARET BAKER, Parker High School, Chicago.

Different

Not a composition book, nor a mixture of grammar, rhetoric, and composition; a terse treatment of the essentials of grammatical usage of today, presented in its most easily understood form. It shows the English Language as a living organism, developing, perfecting itself—it will increase the pupil's respect for his language and its rules of usage.

Simple

Common sense is the basis of both presentation and application; illustrative forms and usages are drawn from common experiences. The style is easy, informal, almost conversational; the information is not buried under a mass of words. The arrangement is natural, each detail is thoroughly covered in its proper place, step by step.

Brief

The book can be completed by the average class in a half-year term; for advanced pupils, to be used as a review, eight weeks is sufficient. No dead-wood, no padding: the pupil is not burdened with memorizing rules no longer enforced, nor classifications and *abstractions* of interest only to the pedant. It teaches only what the child ought to remember; and it makes sure that both memory and practice is the inevitable result.

Complete

Only the essentials,—but all of them. It contains all the English grammar used today; shows quickly but definitely what is correct, and why it is correct. Incidentally, the study of grammar becomes not the bug-bear it has always been to most of us, but a thing closely and pleasantly related to life, a vital growing organism whose destiny is the intimate concern of the individual.

LAIRD & LEE'S

Pocket Lawyer

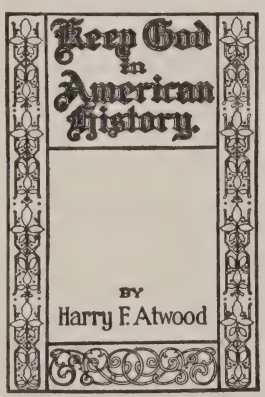
By CHESLA M. SHERLOCK
of the Iowa Bar

To know when a lawyer is not needed is just as essential as it is to have one when he is needed. Acquaintance with or quick knowledge of the general law is the only safeguard against costly litigation. This book has been carefully prepared with the idea of furnishing the essentials of legal procedure for everyday use. It gives an exceptionally clear and concise explanation of the scope and practice of:

AGENCY—CONTRACTS—CORPORATIONS—CRIMES—DOMESTIC RELATIONS — DIVORCE — HIGHWAYS — PARTNERSHIP — PERSONAL PROPERTY — PERSONAL RIGHTS — REAL PROPERTY — WILLS — WORKMEN'S COMPENSATION.

It contains forms for legal documents; its explanations are given in simple, non-technical terms; there is a complete topical index giving instant access to any wanted information. **A comprehensive Dictionary of Legal Terms. Parliamentary Law at a Glance.**

An expression of the faith that has characterized America's greatest achievements, of the counsel that has guided her through her darkest hours. In its sincerity, simplicity, essential reverence, it is a recognition, a confession of faith, a prayer.



Keep God In American History

By HARRY F. ATWOOD
Author of
"BACK TO THE REPUBLIC"

Once in each generation or so, it seems, some book expresses the economic, political or religious feelings of that age, in a way that crystallizes vague tendencies into popular sentiment. Such a book, we feel, is "Keep God in American History." There is no doubt that the war has quickened religious perceptions, but with re-awakened faith has come re-awakened doubt, too.

"Keep God in American History" presents in inspiring review the striking instances of the acknowledgment of our dependence on a Higher Power. For the teacher, school or Sunday School, for anyone who is seeking a worth-while book to give to a class or a group, employes, associates, friends, there is no more fitting tribute or appropriate gift.

Danish-Norwegian-English English-Danish-Norwegian

SELF-PRONOUNCING

DICTIONARY

By HENRY NISSEN

THE value and merit of this dictionary will readily be appreciated. Its two-fold design is to supply a long-felt need of having a self-pronouncing dictionary of convenient (hip-pocket) size and to give to the Danish-Norwegian population a system of markings that will minimize the difficulties of studying the English language. With a little study of the simplified system of diacritical markings and phonetic respellings used in Part I, one may, without difficulty, consult any standard English dictionary, and escape the confusion resulting from the use of two systems of markings. In Part II, a key to Danish-Norwegian pronunciation is provided, as an aid to those who wish to learn the Danish-Norwegian language.

When I Was a Boy in Scotland. Illustrated..... 1.00
(See *Children of Other Lands Books.*)

Scotland does not seem a strange land to us in the sense that more remote countries, with strikingly different language and customs, are strange. Yet a boyhood there is quite different from any known in this country. The author of "When I Was a Boy in Scotland" is now a clergyman in the State of New Jersey, but he grew up a Scot, and after some years as a sailor completed his education in the United States. He is an able writer and makes clear to us Scotland's hold upon the affections of her sons and daughters, even though so many are in all parts of the world. To read this book is not only to know a real Scotch lad but to learn many things in a pleasing way.

The work is freely supplied with quotations from the classics and from modern authors.

KELLOGG (ELIJAH).

There is a manliness of tone in Elijah Kellogg's books for boys that is very much admired. His heroes are not those whom the death of some rich and distant relative, or a sudden turn of fortune's wheel, makes rich and influential. They hew out their own fortunes, struggling honestly with difficulties, and rising by means of them to a higher manhood. It is doing wrong by a boy to let him grow up without reading Elijah Kellogg's books.

With Seeing Eyes. Illustrated..... 1.75

The author was one of the early non-combatants to cross the sea; he spent many months in and near the front trenches; he was in Paris when "Big Bertha" opened fire, and this world-famous bombardment is depicted with a perception that no other writer has shown; and, too, as no other has, he portrays the pendulum-like swing of French regard for America's fighting men. These are but a few of the many features that go to make the book notable. "With Seeing Eyes" is not a history—not a travelogue—not a revamp of war's travail. It is the Book Unusual and will captivate alike readers who were "Over There" and readers who were not.

PEDRICK (KATHARINE FRANCIS).

How to Make Perfection Appear 1.50
A previous book by this author entitled "The Practical Mystic" contained some of the material in the present work, but all has been entirely revised, and much is new. It is an able metaphysical work, introducing to the reader two distinct worlds—that of the materialist and that of the mystic. Spiritual idealism is made to seem entirely practical, and the last of the book makes this clear. It shows the volume to be an efficient textbook, giving a remedy for so-called evil, and justifies its title.

FINGER PLAYS.

Trade-Mark Registered in U.S. Patent Office.

This book is too well known to need description. Many thousands have been sold to teachers in primary and kindergarten grades, and it is also well established in the homes where there are young children. In the element of child-interest it is unexcelled. As one mother has written: "Miss Poulsson's books are the only ones that keep baby still."

What Happened to Inger Johanne. Illustrated..... 1.75

Translated from the Norwegian of Dikken Zwilgmeyer.

Wherever Inger Johanne is, there is something going on, and wherever anything is going on, there is Inger Johanne. She tells us all about it so naturally and with such unconscious humor that we quite forget she is a character in a book. Her comical mishaps that fill the book with fun are many and varied. They are the startling results of what is to her perfectly innocent play or endeavor, but something goes amiss.

POULSSON (EMILIE) and LINDSAY (MAUD).

The Joyous Travelers. Illustrated..... 2.00

PRATT (CHARLES STUART).

PRINGLE (MARY P.) and URANN (CLARA A.).

Yule-Tide in Many Lands. Illustrated 1.50

The varying forms of Christmas observance at different times and in different lands are entertainingly shown by one trained in choosing and presenting the best to younger readers. RHOADES (NINA).—Continued.

(*The Brick House Books.*)—Continued.

How Barbara Kept Her Promise. Illustrated..... 1.50

Barbara promises to take care of her sister, pretty, petted, mischievous Hazel. She had a hard time doing so but how she succeeded forms a story with a great deal of warmth and humanity.

Little Miss Rosamond. Illustrated..... 1.50

Gladys and Joy of "The Little Girl Next Door" reappear. It is a story of Rosamond, in her Richmond house, and of the seaside where she met Gladys and Joy.

Priscilla of the Doll Shop. Illustrated..... 1.50

There are three stories in this book, and we have never known two little girls who agreed as to which one they liked best.

Brave Little Peggy. Illustrated..... 1.50

Peggy came from California to New Jersey to live with a brother and sister whom she has not known since very early childhood. She has much to contend with, but through it all was "Brave Little Peggy."

The Other Sylvia. Illustrated..... 1.50

Maisie's Merry Christmas, Jill and Lill, and How Reggie saw the Sphinx, make up this volume of pleasing stories.

Little girls will probably think that the very nicest part of this story is where the "fairy in the wall" turns out to be most delightfully real.

Making Mary Lizzie Happy. Illustrated..... 1.50

Each of the four stories in this volume is true to Miss Rhoades's high standard of good taste and her power to charm young readers.

A Real Cinderella. Illustrated..... 1.50

The real Cinderella was an orphan who had inherited a passionate love of music from her father. You'll delight in reading of the good half-brother who was glad to be the "prince."

Plucky Little Patsy. Illustrated..... 1.50

Patsy, whose real name was Patricia Rivers, was a girl of twelve in a New York flat. Imagine her suddenly transformed into an heiress and taken to live in an English manor-house under the care of an uncle who at last has found his brother's child.

Nora's Twin Sister. Illustrated..... 1.50

Twelve-year-old Nora lived in a New York apartment with her widowed mother. There had been a twin sister exactly like Nora, but the mother could not provide for two, and so one had been given to a wealthy family for adoption. By chance the children meet, and the wilful sister insists upon a visit with her real mother, which had startling consequences.

Four Girls of Forty Years Ago. Illustrated..... 1.50

These four sisters, with ages from seven to twelve, are very real little girls because the interesting things they do were actually done by children who lived when it was thought remarkable to have even a telephone. They formed many ideas of life from books, and it required many experiences to find out that things are not always the same in real life—and then, again, sometimes they are. All ends in unexpected happiness for the bright and well-meaning little girls, as stories by Miss Rhoades have such a delightful way of doing.

RHOADES (NINA).—Continued.

(*Books for Older Girls.*)

The Girl from Arizona. Illustrated 1.75

The "girl" has grown to be fourteen before she sees New York, so that it is like going into a new world, and her honest naturalness at times rebels against the artificiality she finds.

Victorine's Book. Illustrated..... 1.75

Fourteen-year-old Victorine is inspired to begin a book telling her daily experiences, although convinced that nothing interesting will ever happen to her. In this she is greatly mistaken, for things begin to happen at once.

Marion's Vacation. Illustrated..... 1.75

Marion is sent for a summer in a pretty Vermont village, which proves to be a most important one to her.

Dorothy Brown. Illustrated..... 1.75

The heroine appears in New York as a little girl of eight, but the passing of six years finds her at a select family boarding-school in Connecticut. An important part of the story also takes place in the White Mountains.

The Independence of Nan. Illustrated..... 1.75

The heroine is a girl of fifteen, who goes from her grandfather's home in Ohio to that of an uncle in a Boston suburb. Nan, carefully trained by her grandfather, a stern old Judge, would have been an added burden to the unfortunate household which she entered, had it not been for her vigor and independence.

RIMMER (CAROLINE HUNT).

Figure Drawing for Children. 4to. Illustrated 1.50

Nothing could be more exquisite than these dainty figures by which, with the accompanying text, children are trained to use their pencils in beautiful and accurate delineations of the human figure.

ROE (NORA A. M.).

Two Little Street Singers. Illustrated 1.25

No child can read this story without being quickened in the right direction as well as entertained, and many an older person will find a suspicious moisture upon his spectacles after reading a chapter "to the children."

ROLLINS (MONTGOMERY).

The Village Pest. Illustrated..... 1.75

This is not a juvenile, though about a boy, and a very real one, who lived, moved, and had his stirring and intrepid being in the Washington of thirty-odd years ago.

The Banker at the Boarding-House. Illustrated..... 1.75

A high authority, who combines financial knowledge with the gift of authorship, gives valuable advice in a delightful story, causing dry details to be lost sight of in the interest of the narrative. He tells the nature and use of money, explains clearly the mysteries of banking and dealing in securities, shows the dangers of the stock market, and gives wholesome suggestions as to the care and handling of money.

ROLT-WHEELER (FRANCIS).

"There is no man writing who can produce a better boy's book of adventure than Dr. Francis Rolt-Wheeler."
— *The Philadelphia Press.*

U. S. Service Series. Profusely illustrated from photographs taken in work for U. S. Government. Large 12mo. Decorated covers .....each 1.75

The Boy with the U. S. Survey.

Here are told the adventures of the U. S. Geological Survey, not in dry statistical reports and bluebooks, but graphically woven into a stirring narrative that both pleases and instructs.

The Boy with the U. S. Foresters.

The life of a youthful forester is followed in adventurous detail—the mighty representative of our country's Government though young in years—a youthful monarch in a vast domain of forest.

The Boy with the U. S. Census.

A bright American boy learns the growth and resources of our vast country, and how the necessary information is gathered, the securing of which frequently involves hardship and peril.

The Boy with the U. S. Fisheries.

There is no lack of exciting scenes. The far Aleutian Islands have witnessed more desperate sea-fighting than has occurred elsewhere since the days of the Spanish buccaneers, and pirate craft, which the U. S. Fisheries must watch, rifle in hand, are prowling in the Behring Sea today.

The Boy with the U. S. Indians.

A book thrilling in its human side by the heroism demanded in the little-known adventures of those who do the work of "Uncle Sam." This is especially true of those engaged in work with and for the Indians—always a name to conjure with among boys.

The Boy with the U. S. Explorers.

How our Government explores strange places and investigates countless odd forms of plant life in the hope of of developing that which may benefit the people of this great land.

The Boy with the U. S. Life-Savers.

This volume, with its typical American boy as a centre, shows how our Government protects its citizens with the aid of the Revenue Cutter Service, the Life-Saving Service, and in the depths of the earth, where men from the Bureau of Mines take the lead in rescue work in colliery disasters.

The Boy with the U. S. Mail.

The officials of the Post Office department have, as in the case of all other departments covered in this series, extended their courtesy to Dr. Rolt-Wheeler to enable him to tell us about one of the most interesting forms of "Uncle Sam's" care for us.

The Boy with the U. S. Weather Men.

Weather is still the most important thing in the life of Man, and this book captures attention as much by the sheer fascination of its subject material as by the deftness with which this is woven into a genuine and gripping boys' story.

The Boy with the U. S. Naturalists.

This volume shows the great value of bird life, demonstrating the dependence upon birds of the entire food supply of our country. Exciting features are supplied by piracy and adventure.

The Boy with the U. S. Trappers.

The author tells the work of a little-known branch of the United States Government, the trappers and hunters of the Biological Survey. This is a book of true hunting, not done only as sport, but to save the lives and properties of the citizens of the United States.

ROLT-WHEELER (FRANCIS).—Continued.

The Boy with the U. S. Inventors. Illustrated..... 1.75

The U. S. Patent Office is the avenue through which world-transforming inventions pass. Dr. Rolt-Wheeler shows how, through inventions this country has blossomed into greatness. Yet the most intricate and complicated of these mechanisms is described so simply that the reader can not only follow every process but seems, himself, to be taking part in them.

The Wonder of War in the Air. With illustrations from unusual war photographs and sketches..... 1.75

With an American youth as a central figure, and made clear by many illustrations direct from the front, it shows the wonderful training of the French Aviation schools and swiftly brings its hero into thrilling adventures and encounters in the clouds.

The Wonder of War on Land. Illustrated..... 1.75

The adventures of a young American who was caught in the backward sweep of the Retreat to the Marne, and served in the ragged legion which saved Paris.

The Wonder of War at Sea. Illustrated..... 1.75

The thrill of the fighting comes with the Destroyers, and the hero, wrecked by a mine, sees a Destroyer action in all its fury and its awfulness. The ways of the super-Dreadnought are told, and the secret of Britain's "mystery fleet" is at last revealed. The final quelling of the submarine is described with a wealth of detail.

The Wonder of War in the Holy Land. Illustrated..... 1.75

This book vividly shows the extraordinary difficulties of the campaigns in the waterless deserts of Egypt, Arabia, Palestine, and Syria, as well as in the burning flood-plains of Mesopotamia. The hero is an American boy, son of an archaeologist, who is taken captive by an Arab Sheik at the outbreak of the War and sees the fighting at close range.

(*The Museum Books.*)

The Monster-Hunters. Illustrated 1.75

It is a story of thrilling adventure, and through its pages writhe or thunder those vast and uncanny monsters that inhabitated this world long ago. Yet there is no "nature-faking."

The Polar Hunters. Illustrated..... 1.75

Strange fights with walrus and polar-bear on the sea, ice perils from drifting floes and crashing bergs, and the constant fight against hunger, cold, and darkness, give this book a glamor as great as is its wealth of information.

The Aztec-Hunters. Illustrated 1.75

Combining the excitement of exploration with the intense grip of a mystery story, the true romance of a vast and powerful American civilization, which flourished more than a thousand years before Columbus landed, is here told.

The Boys' Book of the World War. Illustrated..... 2.50

Dr. Rolt-Wheeler has succeeded in compressing the whole diplomatic, political, economic, and military history of the war into an incisive, compact, and readable form. Truly, the whole war is there! It is an honor to the boys of the United States that such a book should be written for them, but its public is a wider one; it will be read eagerly by every person who desires to find a brief history of the World War, sincere, unflinchingly truthful, colorful, and complete.

Song Devices and Jingles. Illustrated in colors..... 1.50

This is a book for young children to be welcomed with enthusiasm by teachers, kindergartners, and mothers. Not only will it appeal to all children by the freshness of its material and the variety of its contents, but by its groups of dialogues, rhythmic games with jingling tunes to accompany strongly accented action, street-cries holding the interest while teaching typical intervals, and tiny songs with suggestive texts, will be of the greatest benefit to those who cannot sing, or can sing only with help. The elements of music are presented to the child in a manner to stimulate unusual atention, and time and tune will be learned with comparatively little effort.

TROWBRIDGE (J. T.).

One great merit of all of Trowbridge's stories is their unfailing dramatic fusion and flow. His characters are all vitally conceived, and hence his page is essentially dramatic, full of action and the throb of real life, as distinguished from novels that are merely narrative and descriptive. The interest of his stories is not at all in what he, the author, has to say, but in what his personages do and say. It is not his wit, but their wit, that makes us laugh.

(*Books for Boys and Girls.*)

Trowbridge understood boys and girls. He knew that boys and girls can be inspired to good, but cannot be driven. And yet not in any of his books is there preaching. He tells his stories in a clean straight-forward manner and boys and girls read out of them also that which Trowbridge did not write but clearly hid between the lines. No other writer has been shown such unflagging loyalty by American boys and girls. To-day, as for years past, his books are to be found in most homes, most libraries, and most bookstores.

Ideal Suggestion through Mental Photography 1.50

A restorative system for home and private use, preceded by a study of the laws of mental healing. Many keep this book to lend to friends, many consult it daily, and carry it with them as they journey. An English philanthropist of Shanghai voluntarily had it translated into classical Chinese, and scattered it broadcast. It is concise, simple, and practical, and its specialty is self-restoration without the necessity of outside aid.

All these essays are noble, felicitous in expression, poetic without being verbose, and finished in style.

Victor Serenus 1.50

This is not a story overburdened with moral and religious didactics; but it does sketch the luminous religious life of the Pauline era in a way to project it boldly and attractively.

The Living Universe. Paper ..... .10

A chapter from "The Symphony of Life."

The Political Economy of Humanism..... 1.50

Tearing loose from the stereotyped and time-worn phrases of the doctrinaires, Mr. Wood starts to follow Universal Law into the domain of economics.

Symphony of Life..... 1.50

It is indeed a living symphony, being the profound melody of many spiritual intuitions and philosophical interpretations. The book is as unlifting as it is symphonic. A profound, progressive, and scientific work.
